

CREEK DOG CAPITAL

Honoring Tradition • Continuing Your Legacy

Creek Dog Capital is dedicated to acquiring, operating, and growing one business that is essential to America's everyday life. Founded in 2025 by Lauren Privitera, Creek Dog Capital is an investment vehicle (traditional search fund) focused on long-term stewardship, not short-term flipping.

Meet the Founder

Growing up, Lauren's grandparents owned McDonald's franchises, and she witnessed the profound impact they had on their employees, their families, and the local community through the business. When they retired, no one in the family wanted to take over (Lauren was a bit too young!). That experience sparked her **passion for keeping businesses thriving and in the right hands**—those who understand their legacy.

THE BUSINESS I'M SEARCHING FOR

We offer generous referral fees for connections that lead to an acquisition.

Target Business Profile
